

**MORITZ WAS SLAIN  
BY WILLIAM LOEBER****THE MILWAUKEE MAN OWNS  
UP AT LAST.**

He Admits the Deed, and Claims That It Was Accidental, But Police Think That It Was Deliberately Planned—Peckin Case Dismissed—General News of the Northwest.

Milwaukee, Wis., March 19.—William Loeber confessed yesterday that he killed Ferdinand Moritz, but claims the shooting was accidental. He said: "Moritz came to my house on Thursday, March 7, and said he wanted to take me with him to go somewhere and take skins off some dead horses. I asked him when we should go; he said the next day, early, between 3 and 4 o'clock in the morning, so that the neighbors would not see us take the skins. He came at 3 o'clock. I harnessed up my horse and we started off. I asked him where we should go. He said we should go to North Greenfield, but he did not give me the exact place. Near the crossing of the Wauwatosa road, at Baumleach's farm, he asked me if I had my revolver. I had it with me and told him so. As I handed it over to him the horse became frightened and the revolver went off. I finally brought the horse to a standstill and as it stopped I saw I had nearly shot Moritz dead and that he bled. I was so frightened I did not know what to do, so I went a little further on and carried him out of the wagon. As I came back I found his pocketbook that must have fallen from his inside coat pocket. I picked it up and found \$12 or \$15 in it. There was no more. I did not know what to do, I was so frightened. At first I thought of announcing it to the police, but did not do it, as I feared the consequences. Then I drove back, turning off at about thirty-second street and down Cherry street home."

The police do not believe this story, but think the murder was deliberately planned. The story that he did not rifle the pockets of the dead man is not borne out by the evidence, as when the body was discovered the clothes were cut almost off it and the pockets were turned inside out. There is a probability Loeber will save the county the expense of a trial and plead guilty, although he may face it out on the strength of his claim of accidental shooting.

**ARSENIC IN A WELL.**

Indian Suspected of Attempted Wholesale Murder at Wichita, Kan.

Wichita, Kan., March 19.—Henry Cherry, his wife and two sons, Raymond, 10, and Henry, 3, were poisoned by drinking water from a well near their home on North Fifth avenue. It is believed arsenic has been thrown into the well. Cherry and his wife may die, but the children will live. Suspicion points to an Indian named Summit as the perpetrator of the crime.

**Whitcaps Resort to the Torch.**

Jeffersonville, Ind., March 19.—The family of Mrs. William Coward at Claysburg has been receiving whitcap notices since last Tuesday. At 8 o'clock Sunday morning fire was discovered in the stable of the Cowards. It was extinguished, but at 10 o'clock fire was found again among some hay in the loft and the building, with feed, cows, and horses, was destroyed.

**The Pickin Case.**

Eau Claire, Wis., March 19.—The hypocritical case of the state against Dr. George W. Pickin and his son, Asigal Pickin, charged with assaulting Mabel Briggs, was nolle by the district attorney as Dr. Pickin and as to Asigal was continued.

**SAYS HIS VETO GOES.**

Gov. Matthews of Indiana Embroiled with the Secretary of State.

Indianapolis, Ind., March 19.—At the end of the fifth day after the adjournment of the legislature all bills received by the governor at the close of the session must be returned to the office of the secretary of state to be filed. During the riot of the closing night the custody of the bills which caused the trouble disappeared. Gov. Matthews could not return it to the secretary with other bills and in an official statement giving his account of the riot yesterday attempted to file his reasons with the secretary. That official refused to accept them, fearing to do so would affect litigation which will grow out of the complication. The statement was accompanied by the veto of the bill. In the official statement the governor talks bitterly of the conduct of the members of the legislature on the last night of the session. With the statement is the official report of Secretary King, from whom the bill was taken in the riot. It tells the story practically as has already been published.

**Trial of the Taylors Begins.**

Carrollton, Mo., March 19.—The case of the state of Missouri against the Taylor brothers for the murder of the Meeks family near Brownsville last May was called in the circuit court yesterday. It is the general belief that the case will go to trial, but it is thought likely that anything beyond the selection of a jury will be done before next Monday.

**Deaths at Jacksonville.**

Jacksonville, Ill., March 19.—O. A. Deleuw, one of the brightest lawyers this city ever knew, died at his home in this city last night. He had practiced in the courts of this district for thirty years. Charles Marcy, at one time a wealthy boot and shoe dealer of this city, died this morning.

**WILL NOT BULLY SPAIN.**

United States Will Proceed Slowly and Carefully.

Washington, March 19.—As a result of a conference between President Cleveland, Secretary Gresham, Chairman McCreary of the house committee on foreign affairs, Senator Frye of the corresponding committee in the senate, and others it has been practically decided to give Spain ample opportunity to demonstrate its position in the Alhambra case. Having sent a sharp note demanding an apology and the prevention of similar occurrences in the future Uncle Sam will now give his Spanish neighbors time to breathe. The administration having entered on a vigorous foreign policy is anxious to avoid the charge of bullying a weaker nation. The principal reason for abandoning the idea of any immediate show of force in Cuban waters is that desire. Spain will be given all reasonable opportunities to make the necessary investigation and show its good faith. When Spain once admits the firing on an American mail steamer some sort of reparation must follow.

**JOHN BULL NOT IN IT.**

Has Nothing to Do with the Mexican-Guatemalan Mess.

Washington, March 19.—Senator Romero, the Mexican minister here, has entered a formal denial of the accuracy of the published statement that the trouble between Mexico and Guatemala is due to the influence of a British syndicate, which controls the Tehuantepec railway from fear of the competition of the Guatemala road. The minister asserts that the Tehuantepec railway is not controlled by a British syndicate, but is owned by the Mexican government; that its natural advantages are so pronounced that the projected railroad cannot compete with it successfully, and finally that a war would only delay and would not prevent the completion of the new road. It would also appear, says the minister, that British bondholders would have much more to lose than to gain by a war which would tend to reduce the value of their securities.

**Kansas City Bank Falls.**

Kansas City, Mo., March 19.—With assets estimated at \$1,880,000 and liabilities of \$1,080,000 the National Bank of Kansas City, at Fifth and Delaware streets, suspended yesterday, and will liquidate and go out of business. Although the officers of the bank claim all depositors will be paid in full, the current opinion expressed among bankers and other men who have information in the matter fixes the amount that will be realized by stockholders at from 25 to 40 per cent of their holdings of stock. The principal stockholders were in the directory.

**Marked Discrepancy in Reports.**

Sioux City, Iowa, March 19.—The annual reports of the chief of police and the police judge show a large discrepancy in reports of receipts of money. The former reports an aggregate of \$41,000 receipts on account of fines. The latter reports an aggregate of only about \$10,000. Early in the year a scandal arose in the collection of fines by the police and an order was made that all moneys be paid to the police judge. Their reports now develop an astonishing difference.

**No Match for Fitzsimmons.**

Boston, Mass., March 19.—Steve O'Donnell at 170 pounds clearly bested Jack Kilrain last night in eight rounds, but a draw was declared. Kilrain weighed at least 230 pounds. His movements were snail-like and he was weak on his legs. His blows were slow and lacking in power. It was a good opportunity to size up O'Donnell, whom Corbett pretends to think good enough to whip Fitzsimmons. If the night's performance be any criterion Fitz could whip him in two rounds.

**Sinking of an American Not Credited.**

Washington, March 19.—The state department has had no information from official sources touching the report that the Spanish cruiser Arcedo fired upon and sank a small American schooner off the Cuba coast, and the report finds little credence here. The naval register shows that the Arcedo is a small schooner-rigged iron gunboat, built in Spain in 1883 and of nine knots speed. It is not known whether it is in Cuban waters.

**Uncle Sam and Italy Good Friends.**

Washington, March 19.—The Italian incident is practically closed, so far as it involves the relations of the United States and Italy, and instead of leaving irritation and ill feeling the affair appears to have resulted in further strengthening the friendly relations between the countries. It can be stated authoritatively the reports circulated of Baron Fava's probable transfer to a European station are groundless.

**Reasons for Window Glass Trust.**

Pittsburg, Pa., March 19.—Window-glass manufacturers from all over the country are in Pittsburg to attend the meeting to form a trust. The committee appointed to collect data relative to the extent into which importations from abroad, the tariff, and freight rates enter into trade competition, held its final meeting last night and will place its report before the meeting to-day.

**Strikers Threaten Violence.**

Addyston, Ohio, March 19.—All the coal heavers here have been on a strike except those working for Henry Kattiemeyer. Yesterday the heavers for the Big Four and North Bend elevators went over to Kattiemeyer's place and threatened violence if the men went to work unloading barges of coal. Kattiemeyer's men joined the strike.

**Upholds the Administration.**

New York, March 19.—The Times this morning, prints a dispatch from W. C. Whitney, ex-secretary of the navy, warmly upholding the course of Secretary Gresham in dealing with the Spanish authorities in the trouble over the Alhambra affair. He favors the United States taking immediate and determined action.

**NICARAGUA AFFAIR  
GETS INTERESTING****WILL BE PLENTY OF WORK  
FOR DIPLOMATS.**

England Demands Big Indemnity From the Little Republic and Sends a Warship To Enforce the Claim—Monroe Doctrine Doctrine Likely To Be Put to the Test.

Managua, Nicaragua, March 19.—The British government, through its minister here, has submitted an ultimatum to Nicaragua. It demands a cash indemnity of \$15,000 (\$75,000) to pay for the expulsion of Mr. Hatch, British consular agent at Bluefields, during the troubles there last year, and also the appointment of a commission to adjudicate the damages sustained by the persons and property of British subjects who were expelled from the Mosquito reservation the same time. By the terms of the ultimatum Great Britain is to name one of the commissioners and Nicaragua another, and these two are to choose a third, who shall not be a citizen of the United States. It was also made known that a British warship is now on its way to Nicaragua to enforce these demands, which must be complied with within seven weeks from Feb. 25, the date of the ultimatum.

**AMERICA MUST ACT.**

Monroe Doctrine Likely to Be Put to a Test.

Washington, March 19.—It is impossible to learn positively whether the state department has been fully advised officially of the demands made upon Nicaragua by Great Britain, as reported in the cable dispatches from Managua, but from the fact that Gen. Barrios, who was appointed an ambassador by the Nicaraguan government to endeavor to settle the differences with Great Britain, has been in Washington for a week, and has paid several visits to the state department in company with Dr. Guzman, the resident Nicaraguan minister, the resident Nicaraguan minister's government is fully posted in regard to the matter.

It cannot be denied that this new incident, taken in connection with the hostile attitude of Great Britain toward Venezuela, promises to lead to trouble of a character much more serious than the little incident of the Alhambra, which has caused such commotion. The administration is evidently to be put in a position where it must lay down a new construction of the Monroe doctrine or else abandon all concern in the future of the smaller republics of Central and South America. In Venezuela it is alleged that the British are steadily extending their territory line and encroaching upon Venezuelan territory in spite of the strong protests of the Venezuelan government and the repeated urging of the United States that the question of boundary should be settled by a resort to arbitration, not of a part of a question, excluding the main issue as desired by Great Britain, but by the admission of the whole issue.

But there are also questions of indemnity arising in Venezuela, growing out of claims preferred by other European nations, and there are indications noted by officials here to show that these are being pressed by concerted actions.

Many of the claims for indemnity grow out of the failure of these republics to meet their obligations to foreign debtors under the stress of hard times and the influence of the worldwide depression in trade.

As the European governments appear to be moving to collect these individual debts on their own account, it is a question that the United States must speedily settle as to how far it is prepared to permit process to go on.

As to Nicaragua, it is felt here that the terms of the British ultimatum are unduly severe. Besides, there is a rather disagreeable reflection upon American citizens in the stipulation that none such shall serve on the commission to adjudicate the damage. On the whole, it is more probable the President will interpose to secure at least a modification of the terms of the ultimatum, by an appeal to the British government, representing the great hardship that it would work to Nicaragua under its present degraded condition, and for so large an indemnity as \$75,000.

**AT NEW ORLEANS.**

Men Work at Loading Boats and the Soldiers Are Idle.

New Orleans, La., March 19.—A gang of negro laborers, who crossed the river yesterday to unload the steamer Etolia of Elder, Dempster & Co., were met by white men and told they would not be allowed to work. They reported to the agents of the line. Later a company of three from the Screwmen's association applied for work on the steamer. It was agreed that the work on the Etolia should be divided, the Jefferson parish men taking one-half and the negroes from this side the other. No further trouble is anticipated. Cotton is arriving freely and the men are loading ships without molestation. Even the presence of the military has ceased to attract any attention.

**Pleased at Spain's Embarrassment.**

Tampa, Fla., March 19.—Cubans here are delighted over the advances from Madrid chronicling the battle between the Spanish troops and the Mussulman at Minandimans. It is said by leading Cubans that this Spanish possession was included in the plan of a general and concerted revolution against the Spanish crown. They hail with delight the tidings of the sanguinary conflicts there which will cause Spain much bewilderment and distress.

**No Police at Boone, Iowa.**

Boone, Iowa, March 19.—Mayor Farrow on taking office removed the whole police force of the city before sending in new officers. The council has thus far failed to confirm the nominations of the mayor.

**RENA REGENT LOST  
BEYOND ALL DOUBT****BIG SPANISH WARSHIP WENT  
TO THE BOTTOM.**

The Alfonso Found Her at Bajo Acitunos, and Only Eighteen Inches of the Mast Could Be Seen—All on Board Are Supposed To Have Been Lost.

New York, March 19.—The Reina Regente has gone down with all on board. All doubts were removed by a cable dispatch this morning saying that the Spanish cruiser Alfonso had found the missing boat at Bajo Acitunos. Only eighteen inches of the mast was visible, and it is supposed that all hands were lost.

**OUR TRADE UNHARMED.**

French Embargo on Meats Inconsequential Because Shipments Are Small.

Paris, March 19.—M. Rollin, managing partner of the Paquin Compagnie, which has practically a monopoly of the importation of American cattle into France, said yesterday:

"The first notable effort to open up a market for American cattle was made in 1890, when 4,000 head were consigned to us. The prices realized were not high enough to tempt American exporters to continue shipping until 1893, when the drought in France began to make it profitable. In 1894 we imported 18,000 head. The most of this consignment was sold at remunerative prices, until August of that year, when prices dropped until, by November, they had become so low that only one exporter, Nelson Morris of Chicago, continued consigning."

"The trade is now so small that the prohibition of importation of American cattle practically amounts to nothing. Rescinding the prohibitory order would not lead to a renewal of importation, except for brief periods after a drought. If the government at Washington were informed of the facts, it is unlikely that congress would adopt any retaliatory measures, seeing that the French prohibition of the importation of American cattle has inflicted no injury upon American trade."

**HAS THIRTEEN CHILDREN.**

Kansas Woman Thinks She Ought to Be Given a Bounty.

Topeka, Kan., March 19.—Governor Morrill has received a letter from a woman who signs herself as Mrs. Louisa Kershner, and who dates her epistle from Kong, Coffee county, Kan. The governor has received communications from almost every variety of crank, but the Coffee county woman strikes an altogether new and original lead by demanding a bounty for baby raising. Her letter is as follows:

"To the Governor of the United States: I hereby inform you that I am entitled to \$1,000 for the raising of thirteen children. I am a lone woman. My husband has consumption, and I have to make a living by washing. We want you to send it to us. I am in need of something for my family."

**FOUR MINERS ARE KILLED.**

Terrific Explosion of Giant Powder Takes Place in Mexico.

Nogales, Ariz., March 19.—News comes here from Minas Prietas, Sonora, Mexico, that an explosion of giant powder had occurred in the Verde mine there which killed four miners and fatally wounded one.

The men were blown with terrific force against the sides of the mine and crushed out of all semblance to humanity.

The killed:  
JOHN MASSE.  
JOHN ROA.  
BARTOLOA SENIG.  
ANGEL CAPALINI.

**Lord Rosebery Must Retire.**

London, March 19.—The Morning journal prints, under sensational head, lines: "Lord Rosebery's health is the subject of the gravest anxiety. He suffers still from insomnia, and the doctor says that six months' rest is absolutely essential. The premier will have to resign, which is all the more probable as he feels deeply his isolation and the fact that he is ignored by his colleagues in the commons. If he retires Sir William Harcourt will succeed him, asking the present ministers to remain in office."

**Von Werder Is Recalled.**

Berlin, March 19.—Gen. von der Werder, German ambassador to Russia, has been recalled. It is reported that he will be succeeded by Count Herbert Bismarck.

Gen. von Werder, according to a dispatch from Berlin Jan. 2, was reported to have been absent from the gathering of German officers at the Berlin arsenal Jan. 1, when as usual on New Year's day they were addressed by Emperor William, and it was stated that the general had tendered his resignation to the emperor.

**Speaker Reed Needs Rest.**

Washington, March 19.—Ex-Speaker Reed has left Washington not to return till congress meets again. He will spend some days in New York before going to his home in Maine, but has declined all invitations to deliver public addresses, feeling in need of thorough rest. His appearance, in fact, does not denote his usual condition of robust health. Mr. Reed thinks there is little probability of an extra session of congress unless the Supreme court should decide the income tax unconstitutional.

**Murderer in Danger of Lynching.**

St. Joseph, Mo., March 19.—Edward Patton, a merchant at Elmo, quarreled with Godfred Peterson, a Washburn foreman, over the settlement of a bill last night, when Peterson struck Patton and was shot fatally twice through the chest. Judge Brown to Hear Motion for Removal to Washington.

New York, March 19.—The examination of Charles A. Dana, editor of the New York Sun, on a charge of criminal libel preferred by Frank B. Noyes, of the Washington Star, came up before Commissioner Shields in the federal building yesterday. Lawyer Root and Bartlett, for the defense, insisted that the federal courts in the District of Columbia had no power or right to

CHARLES A. DANA.

demand the removal of Mr. Dana from this city to Washington.

Commissioner Shields, after hearing the arguments on both sides, issued an order of commitment to Judge Brown, of the United States district court, and paroled the defendant in the custody of his lawyers.

Mr. MacFarlane and the lawyers for the defense immediately repaired to Judge Brown's court, and the latter said he would hear arguments on Tuesday, April 2, at 2 o'clock in the afternoon, upon a motion for a warrant of removal for the defendant to the city of Washington.

**TWO VERY OLD LOVERS.**

After Years of Separation They Are at Last Married.

Wilkesbarre, Pa., March 19.—Alderman and Deputy Register of Wills John Brislin was called on last night to perform the marriage ceremony for Walter Chapman, aged 79, and Mary Waters, aged 78. Walter and Mary had been school mates and lovers and had grown to manhood and womanhood on a neighboring farm. They were waiting only to improve to be married, but before its arrival a family difference arose over the possession of a strip of land adjoining their farms, and the parents of the lovers interdicted further intercourse. Finally the young people drifted apart and each married "another." In time Walter's wife and Mary's husband died, and the old time lovers drew together and fulfilled the vows they had exchanged as boy and maid.

**LOOKS FOR STRIKE TROUBLE.**

Great Lockout Commences in English Boot and Shoe District.

London, March 19.—The great lockout in the boot and shoe trade in London began yesterday morning and by evening 10,000 operators were out. The lockout also went into operation throughout the boot and shoe manufacturing districts of the country. At Leicester 30,000 operators are out and at Kettering and Rothwell 7,000 are locked out. The London labor conciliation board has made an offer of mediation between the employers and employed. It is estimated that 200,000 boot and shoe operators throughout the country are out. The workshops in many places will be opened to-day to non-unionists and it is possible disturbances will follow, as the locked out operators have stationed pickets around the workshops.

**A NEBRASKA WOMAN LYNCHED**

Cattle Rustlers Strung Mrs. W. E. Holton Up at Butte, Neb.

Butte, Neb., March 19.—Some time Friday Mrs. W. E. Holton, a respectable woman living alone on a ranch in an isolated part of Keyapaha county, was lynched. The crime is credited to the vigilantes of the district, who believed her in league with cattle rustlers. Some think the rustlers committed the crime in revenge for evidence against them furnished by the woman.

Persons passing the ranch Saturday found Mrs. Holton's body. The coroner found \$60 on the woman's person, which is regarded as certain evidence the crime was not committed by tramps, as was at first supposed. Her struggle for life had been a hard one. The bedding and clothing of the woman were torn and scattered about the building. Her shoes had evidently been removed, probably by herself, preparatory to going to bed, when surprised by the lynchers. The woman had evidently been assaulted before she was hanged, and everything points to a premeditated plan for the perpetration of the dastardly deed.

It is expected that several hangings will take place before long. Many persons are under suspicion, and these will be taken and compelled to confess. The latest report comes that a man named Hunt is implicated in some way and it is thought he can be forced into a confession.

The proximity of the Indian reservation to the scene of the depredation makes it possible that a United States deputy marshal may have to make the arrests if warrants are sworn out.

The killing of Mrs. Holton is the worst criminal chapter in the history of northwestern Nebraska. The conditions out of which the crime has been evolved had their origin in the early settlement of the county by the cattlemen, and the operations of rustlers, the result being the organization of a vigilance committee. Both the rustlers and the vigilantes are alleged to have had organizations extending over this entire territory, and lynchings and mysterious killings have been numerous.

**NEW BANKING LAW.**

Department to Be Created by Illinois Legislature.

Springfield, Ill., March 19.—In the house yesterday Mr. Jones of Cook introduced a bill to provide for the establishment of a department of banking and building and loan associations. The bill provides the new department shall be charged with the execution of all laws in relation to banking and building and loan associations organized or doing business in this state. Mr. Kent introduced a bill to provide for recounting the ballots in contested elections. All errors of the judges of election counting or refusing to count any ballots cast at such election shall be corrected by the court or body trying such contest. All the house bills on first reading were read a first time and advanced. On motion of Mr. Jones of Cook the senate bills on first reading were taken up and read. Among the number was the senate bill to prevent the employment of convicts in the manufacture of cigars, food products, etc., and the Crawford street railway bill. All the senate bills read a first time were referred to the appropriate committees. The house adjourned to 10 o'clock this morning.

The senate held an informal session in the afternoon. The chaplain was absent and prayer was omitted. Adjournment was at once taken until 10 o'clock to-day.

**THIRD VESSEL FIRED INTO.**

Schooner Irene Is Dismantled by the Infanta Isabel.

Key West, Fla., March 19.—News has reached here that the schooner Irene was fired into and dismantled by the Spanish cruiser Infanta Isabel. The Irene is a small schooner owned in this port by Canary Islanders. She has been employed in the fish trade all winter, but within the past few days returned with a party of court officials from Fort Myers, where an important murder trial has been held. She afterward sailed for the fish ranch at Punta Gorda, where, it is reported, an expedition sailed for Cuba. This point has been under surveillance by the Spanish cruiser, and the schooner was followed from here and fired into.

One report says three persons were drowned—Jake Iverson and family—while another says six or seven were lost.

The News From Indian Ford.

INDIAN FORD, March 19.—Miss Dane closed our school last Thursday, after two years successful teaching. The News of South Clinton.

Mr. Oleson, who has lived for some time on Gunder Larson's farm, has moved. The Larson auction was the event of last week. Mrs. Peters, of Manchester, Ill., mother of Volney Peters, was buried last week, Tuesday. Mrs. Holenbeck is reported much better. C. J. Dresser's house was open Saturday evening but only a few were able to attend. They were unable to carry out the program and it was decided to adjourn to meet at C. J. Dresser's again at such time as the president deemed proper to call a meeting, which will not be until the members are well. We understand that those who went Saturday evening had a good time socially. A large number of our people have been in attendance at the liquor suits in Clinton of late. Mr. Gilbertson is no longer a resident of South Clinton, he having moved onto his own place in West Turtle.

## LITTLE TAX UNPAID THE REPORTS SHOW

VERY SMALL DELINQUENT ROLLS ARE SENT IN.

County Treasurer Nye Now Has Reports From All the Cities, Towns and Villages in Rock County Except the City of Beloit and the Town of Plymouth.

County Treasurer Nye is very busy just now compiling the annual returns of town and city treasurers of the uncollected tax for 1894. All the treasurers have handed in their reports except the treasurer of the city of Beloit and the town of Plymouth. The Beloit city treasurer has, under special charter enactments, until March 25 to make his returns, and the

treasurer of Plymouth is holding back a day or two hoping to collect some delinquent personal taxes.

The several treasurers have been very successful in collecting the tax the present season, and make very light returns of delinquents. City Treasurer Fathers made his return yesterday, reporting the sum of \$500 as uncollected. Of this amount \$115 is personal tax. This delinquent list is much the smallest returned for many years past. The same rule prevails throughout the county. The village of Evansville and the town of Harmony collected the entire tax, both personal and real, making no delinquent return. Others towns and villages make delinquent returns as follows: Where but one figure is quoted it means real property.

Lima, \$124.  
Milton, \$244.  
Edgerton, \$43 on real, and \$61 on personal.  
Center, \$56 on real, and 3 cents on personal.  
Magnolia, \$53 on real, \$1.77 on personal.  
Rock, \$117 on real, and \$4.50 on personal.  
Janesville \$130 on real.  
Avon, \$395.  
Porter, \$15.24.  
Turtle, \$42 on real, and \$6.39 on personal.  
La Prairie, \$10.52 on one description.  
Johnstown, \$75.68.  
Clinton village, \$27.39 on real, and \$5.80 on personal.  
Bradford, \$11.93 on real, and \$13.09 on personal.  
Union, \$37.65.  
Fulton, \$80.25.  
Spring Valley, \$30.60 on real, \$3.78 on personal.  
Newark, \$49.65.  
Clinton, \$22.27.  
Beloit town, \$56.61.  
The treasurer of Lima was the first to make full settlement of his account and the treasurer of the village of Clinton was second.

B. H. Bowman, Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby the only one we have was taken sick with the croup. After two doctors failed to give relief and life was hanging on a mere thread we tied One Minute Cough Cure and its life was saved. C. D. Stevens.

## NO NEED OF IT.

Homes Filled with Weak and Nervous.

No Need To Feel So Weak, Tired and Nervous.

Eminent Physicians Give Assurance of This Fact.

And Tell How To Overcome the Terrible Weakness.

Now Is the Best Time To Get Strong and Well.

That there is no need whatever for a person to be weak, tired and nervous—the three great curses of our people—seems now a certain fact.

Eminent physicians affirm the truth of this welcome news, and ample proofs demonstrate the reliability of the information we are able so gladly to give.

It is certainly a godsend to those of our people who have weak nerves and tired bodies, who feel exhausted in strength and vitality, who cannot eat or sleep well, and who are run down and debilitated, to know positively that Dr. Greene's Nervura blood and nerve remedy is a sure invigorator and strength giver, and will invariably make a person strong and well. Particularly it is a blessing at this time of the year, for in the spring almost every body feels languid, nervous and out of order and needs this best of all spring medicines.

Doctors are enthusiastic in their approval and endorsement of this remedy. They heartily recommend and advise its use, and many of our best known physicians are loud in their praise of its wonderful curative powers.

Dr. B. D. Bickford, of Wolcott, Vt., one of Vermont's eminent physicians, states:

"I have used Dr. Greene's Nervura blood and nerve remedy for some time, first trying it on myself, and I found that it did me so much good that I now recommend it to my patients. The fact that I have used it in my own case shows that I know what I am talking about. As a tonic and invigorant it is the best of all to build up a person."

Dr. Robert W. Lance of So. Woodbury Vt., than whom there is no more eminent physician in the state of Vermont says:

"I have known about Dr. Greene's Nervura blood and nerve remedy and the good results in cases, as a tonic, after hard sickness and cure of nervous females. They have received great good from its use. I do not hesitate to recommend it."

Dr. Willard H. Morse, F. B. S. C., of Westfield, N. J., the great expert on medicines, says of this grand discovery of Dr. Greene:

"The true remedy for nervous disease is Dr. Greene's Nervura blood and nerve remedy. It acts by affecting the organs of nutrition, and entering into the formation of new nerve tissue which generates nerve force. This means the making of new nerves. Dr. Greene's Nervura blood and nerve remedy is the American nerve tonic."

The well-known Dr. Emil Neuner, superintendent physician of the N. Y. Lodge and Associated Hospital states:

"We are using Dr. Greene's Nervura blood and nerve remedy at this hospital for our patients, with good success."

This enthusiastic endorsement of physicians, stamps this remarkable medical discovery as the greatest tonic and restorative. Druggists tell you everywhere that it cures more cases than any other known remedy, in fact it makes all who take it strong and well.

One reason that gives the people so much confidence in it is the fact that it is the discovery and prescription of Dr. Greene, of 35, West 14th street, New York city, the well known and probably most successful specialist in curing nervous and chronic diseases, and to the further fact that he can be consulted free of charge by anyone, personally or by letter.

LABOR TROUBLES AT BELOIT.

Little Misunderstanding at the Eclipse Works—News of the State.

LABOR circles at Beloit continue to be agitated. The Eclipse Windmill works' hands are working eight hours a day at the old rates, but the managers of the works offered them a ten-hour day with a cut at the rate of 5 per cent. This has been refused by the men, but it is said that operators will ultimately meet the demands of the men as large orders for work have been received.

THE Marinette branch of the Epworth league is the third largest in the state and has a membership of 273 people. In all there are 19,000 league members in Wisconsin.

THE annual inspection of the National guard of Wisconsin, will begin on or about April 15 and will be conducted by Col. W. L. Buck, assistant inspector general.

J. MORROW of the town of Caledonia, Columbia county, fell off a wagon load of brick which he was driving. The wagon passed over his head. He may recover.

INSURANCE agents paid the city of Fond du Lac taxes amounting to \$998.37, which would indicate \$50,000 a year in premiums received.

Doctor H. R. Fish of Gravo's Mills, Mo., a practicing physician of many years' experience, writes: DeWitt's Little Early Risers has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly and leaves no scar. C. D. Stevens.

## COMPANY A. INVITED TO GO TO MEMPHIS

BIG INTER STATE CONTEST FROM MAY 11 TO 21.

The Prizes Hung Up Aggregate \$15,325, Mostly in \$1,000 for First and \$500 for Second—Local Company Have Won Prizes Before; Why Not Again?

Captain C. F. Glass has received an invitation for the Janesville Light Infantry to attend the competitive drill and encampment to be held at Memphis, Tenn., May 11 to 21. The prizes aggregate \$15,325; most of them being \$1,000 for first and \$500 for second. The letter of invitation says that the managers of the affair are advised that they can get a rate of one cent a mile for the military and one cent for the round trip for the excursionists; and from letters already received they think it will be the biggest event of the kind ever given. All companies will be provided with tents and cots, and the camp will be under military discipline. The entrance fee is fifty dollars, and the managers will furnish three meals per day at the rate of \$1.00 per day per man or company can take their own camp equipage and do their own cooking if they prefer. The largest prize is \$3,000 which will be awarded to the winner of the free-for-all infantry class.

Janesville has won prizes in the south and at other places in the past and why can not her soldiers repeat the performance? The company has made great strides of late and is now very near the head of Wisconsin militia. If they should represent the Bower City at the great contest it would be with credit to the town. Whether or not the invitation will be accepted has not yet been decided but it is safe to say that every member of the company would be strongly in favor of going if arrangements could be made.

ST. PATRICK'S DAY PROGRAMME

Pleasant Entertainment at the U. C. L. Hall Last Evening.

A St. Patrick's day programme made up of most interesting numbers, was presented at the Union Catholic League hall last evening, and was listened to by a large audience. J. L. Mahoney was the speaker of the evening, he being introduced by Dean McGinnity, who acted as master of ceremonies. Mr. Mahoney said that he was at a loss for something to say as a beginning, but soon demonstrated that such was not the case. He held that if Ireland wanted to be free her people should go to work, and is they worked as hard for freedom as hard as they talked for it, the object would soon be attained. The fault was in their heads, not in their hearts, he continued and there were too many leaders and not enough privates. Mr. Mahoney's remarks were listened to with marked attention and were delivered in his usual pleasing manner.

The program that preceded his talk was much enjoyed. Nearly all the performers were honored with encores, the numbers being as follows:

In no other state can you get rich, well-improved farms, in thickly settled localities with lands as good as any in Wisconsin at the prices and upon the terms which I now offer you; her rich soil, mild and equable climate, sure crops, abundance of timber, pure water, nutritious grasses, beautiful blue grass pastures, and above all, her vast crops of all kinds of delicious fruits are among her numerous advantages to the farmer. Her exhibits at the World's Fair, in 1893, proved that no country leads Missouri in the production of fine fruits, not even France or Spain with their vast vineyards have as many advantages over Missouri in fruit growing. I have in northeast Missouri, rich, well-improved farms, near railroads, for sale: 1350 acres at \$35 per acre; 468 acres at \$30; 1172 at \$35; 460 acres at \$21; 540 acres at \$35; 800 acres with \$11,000 in buildings at \$35. "Oh, that's about a size too small for you," said the salesman in a clothing establishment, as he critically surveyed a coat into which he had assisted a patron. "Yes, it is a bit too small," asserted the other, taking off the garment, "but, tell me just how much is a size." "In a coat," answered the salesman, "a size is an inch." "Is that so," exclaimed the customer. He had been living nearly 32 years, was fairly intelligent, but never knew the fact. And there are thousands like him, who also do not know, for instance, that a size in underwear is two inches; in a sock, an inch; in a collar, half an inch; in shoes, one-sixth of an inch; in trousers, one inch; in gloves, a quarter of an inch, and in hats, one-eighth.

### But He Didn't Leap.

What is known as the West Side in San Joaquin valley suffers more than any other grain-raising section of the state from lack of rains, and, as the saying goes, only one year in three produces a crop. Not long since a celebrated case came up for trial in Fresno, and the lawyers were examining jurors. One, whom we shall call George Jones, was in the box being questioned before he would be permitted to serve on the jury. Among other questions the lawyer asked Mr. Jones where he lived. "Over on the West Side, about six or seven miles from Firebaugh," was the response. "Yes," said the lawyer, "farmer, I suppose?" "I dunno," answered Jones, "I plow and sow."

### A Wooden-Legged Pet.

A dog with a wooden leg is one of the curiosities of Waverly, Md. It is a pug dog belonging to John Eccleson of Brady avenue. The dog lost part of his foreleg while investigating the mysteries of an electric car. Mr. Eccleson, measured carefully the length of the dog's leg and made a stick to fit the stump. The dog has become accustomed to the strange appendage and runs about as easily and as naturally as his more fortunate canine friends.

## THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., a second-class matter.

CAUCUS AND CONVENTION DATES

Former Will Be Held March 25 and the Latter March 26.

The republicans of the city of Janesville will meet in city convention at the common council chamber, on Tuesday, March 26, 1895, at 2 o'clock p. m., for the purpose of placing in nomination candidates for Mayor, City Clerk, School Commissioner-at-Large, Street Commissioner, Justice of the Peace, and Sealer of Weights and Measures, to be voted for at the regular city election to be held on Tuesday, April 2, 1895, and for the transaction of such other business as may come before the convention.

The several wards will be entitled to representation as follows: First ward, 7; Second ward, 5; Third ward, 7; Fourth ward, 5; Fifth ward, 3.

The ward caucuses will be called by the several ward committees for Monday evening, March 25, at the usual places.

By order of the republican city committee,

T. W. GOLDIN, Chairman,  
Janesville, Wis., March 13, 1895.

## STAY BY YOUR PARTY.

Loyalty to party is a good thing to cultivate. It is the one thing in which democracy excels. Fight and quarrel all they will during a campaign, yet when it comes to a vote, the democratic party is a unit. This spirit of loyalty should be cultivated by republicans, not only in state and national elections, but in municipal contests as well. The republican party seldom presents a man for office who is not worthy of the united support of the party. This idea of voting for "the best man" is what leads to disruption and permanent weakness. Every republican voter should assist in placing in nomination the right kind of men, and then they should be supported by unanimous vote. The man who has influence with his party is the man who never deserts it. This year of all others, is the year when the ranks of the republican party should be unbroken. The democratic party has demonstrated its inability to manage the affairs of state and national government, it has no claim to recognition in municipal affairs, and in the states where town and city elections have been held this spring, republican sentiment has been largely in the ascendancy. There are many good men in the democratic party, why they are content to remain in that sort of company is a problem that no one can solve.

There are more good men in the republican party, and why any man should desert it is a puzzle still more difficult.

Politics should be a matter of principle, with every intelligent voter and loyalty to principle, is the best thing that any man can cultivate.

The republican party stands today, as it has for many years, as the best representative of public sentiment and good government. It is worthy of the enthusiastic support of every man who calls himself a republican.

The party in Janesville will place in nomination in a few days, a list of candidates selected, not by any clique or ring, but by caucuses that should represent the voting strength of the party.

That the men placed in nomination may not be the first choice of every voter will of course be true, but they will be the choice of the majority, and as such will be entitled to cordial and hearty support.

The republicans should win in every election for the next thirty years, and they may if party loyalty is the governing principle.

## A STEP TO FAR.

The Spanish government, evidently elated over foreign dictation that has been so prominent during the past six months, seems to have concluded that inasmuch as England has captured our bonds, and a liberal share of our trade, that the only thing left for Spain is our water craft. The ambition of our foreign neighbor is commendable to say the least, and her inane effort is worthy of a better cause. The effrontery of the act resembles the attack of the Japs on China but the outcome may not be so successful. There are several people in this country, who are not ready just yet to abandon the ship and surrender all rights and titles to our neighbors across the sea. To be sure, the bars have been thrown down, and foreigners of almost every clime have been invited to come in and help themselves. The new inheritance is a large one, and the generosity displayed on the part of the United States, was so unbecomingly that it has taken a little time for our friends of other languages to recover from the surprise, but they are getting there in good shape, while a vast army of our people stand around in idleness and seethe in discontent.

The bombardment all along the line is demoralizing. England fires her low priced merchandise, Russia her cheap cereals, Canada her milled hay and Spain her cotton shot. The latter is by far the most damaging. If the walls of protection were repaired the country might better resist a cold lead bombardment from every quarter, than the kind of fusillade that is now carried on.

Spain can be persuaded to desist but the other attacks will become more virulent, until the home government be so thoroughly aroused to impending danger.

Dr. Price's Cream Baking Powder  
World's Fair Highest Medal and Diploma.

The Gazette published last evening a plain statement of facts concerning the attitude of the city towards the water company, and suggested to the organ of democracy, that the democratic party and not the water company was on trial this spring. The Recorder with its recognized ability to dodge all questions of responsibility ignores the party that it claims to represent and starts out on a new trail, accusing the Gazette of infidelity, negligence, corruption and a long list of minor offenses, for all of which the Gazette is profoundly grateful.

The paper like all others stands before the bar of public opinion and finds no reason to complain of the popular verdict. The paper also advocates republican doctrine, of which it is not ashamed.

An organ with a crank is better than no organ. Janesville democracy seems to be deprived of any sort of an instrument. The Recorder should brace up. The Fifth ward is not hopeless.

## "Merchant of Venice."

Tonight Mr. Skinner will appear in his magnificent impersonation of Shylock in "The Merchant of Venice," a role which he played here last season with such memorable success.

Those who have followed the career of this artist with care and interest, have always seen that he was gifted far above the common, that his talent was nearly akin to genius, and that above all he was ambitious in the highest sense of the word, keenly alive to the necessity of deep thought and study as applied to his immeasurably difficult art.

There is no actor on the American stage whose intellect and dramatic gifts are of such a pronounced character, and whose great impersonations of heroic roles will restore the sublimity of the Shakespearean drama, which so many believed to have passed away with the death of Edwin Booth and others of our most famous actors. It is a pleasure to note the immense patronage which Mr. Skinner is receiving. The advance sale for this evening promises another large and brilliant audience.

## Sunny Side of Life.

The following Wednesday night Jack was not there. The following Friday night Jack did not materialize. Why was it? What could the reason be? Without any explanation too! So unlike Jack! The next time he called he would find a certain young lady out, or otherwise engaged! Was it a little tear that moistened the "J" on the handkerchief she was embroidering? No indeed—he wasn't worth it! He was seen down town yesterday with Arthur Vanderburg's sister! "I don't like those Vanderburg's anyway!" "Poet's Dream" is very nice here. "The Plot Thickens."

PRENTICE & EVENSON.

## Baby Contest.

Interest in the baby contest is increasing every day and new names are being added to the list. If you want your baby entered for the prize send in the name. Five shares of stock in the Rock County Building Loan and Savings association is well worth making an effort to secure. It means \$500 in money in 1904 only nine years away. The association is one of the best ever organized. Its officers are well known to Janesville people and the stock is as reliable as bank stock. Somebody's baby will receive five shares of the stock the first of June as the result of the Gazette contest.

If you want a hat go where hats are. If you want clothing go where it is kept. Ziegler's is the place.

## A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows:

"Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 5, 1892. These remedies are sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles \$5, express prepaid. They positively contain nothing but pure and dangerous drugs.

MILKMEN MIXED UP  
IN A STREET FIGHTFIRST ROUND A COMPLETE  
"KICK-OUT."

Rumpus Frighted the Team of the One Who Was Bested and They Ran Away Closely Pursued by the Vanquished Owner—General News of the Town.

Two Janesville milkmen mixed this morning. They met on South Franklin street and one hurled an obnoxious name from the door of his wagon straight through the opening in the other man's chariot. Then there were several kinds of trouble and both leaped out of the vehicles to have more room to fight. The first round settled the affair as it was a complete "kick out." One of the lacteal experts planted his foot square against the body of the other and the man who was kicked went down. The rumpus had become so heated that the team owned by the man who was kicked got scared and ran away. This gave the owner a chance to run too without sacrificing his reputation as a warrior, and he struck a dog trot that would do credit to "Cuckoo" Collins. That ended the fight but the unmounted knight had quite a chase he caught his chargers.

The annual ball of the shoemakers at the armory was a great success in every way, and it is putting it to mild to say that all present had a good time. Huyke's orchestra of six pieces furnished excellent music, and the fun lasted until three o'clock this morning. The floor managers were: J. B. Cullen, Charles Johnson, J. R. Horn and William Heller.

HEREAFTER all members of the Birthday club must appear at the meetings of the organization wearing a silk hat. A resolution to that effect was introduced and carried at the meeting held at the club headquarters last night and was inspired by the natty appearance of the president, who presided under a tile.

GEORGE O. FORD, who has been visiting his father the past week left, this morning for Chicago, where he expects to locate. Mr. Ford now has a suite of rooms at No. 1 Twenty-second street, and expects to enter the employ of a wholesale surgical instrument house on Wabash avenue.

A SILVER spoon with the state coat of arms on the upper part of the handle, "Wisconsin" in raised letters between this and the bowl, with an engraving of the high school or Y. M. C. A. building in the latter, forms a pleasing souvenir of Janesville. A. F. Hall & Co. show them.

E. E. JOHNSON, who has been in the employment of Tarrant & Osgood, the grocers, for the past three years has resigned, he having secured the position of billing clerk at the St. Paul depot. Miss Sarah Jacka who at present holds that position has resigned.

T. J. SALEMAN left this morning on a business trip in the western part of the state. He has just returned from a business trip in the northern part of the state, where he reports business very dull, especially through the iron region.

If you get what you want, it's necessary to go where the selection is. We are egotistical enough to say we have the largest stock of spring clothing and gents' furnishings in this part of the state, because we sell the cheapest. Ziegler.

DR. J. F. PEMBER moved his office, yesterday, to King's drug store at the corner of Milwaukee and Jackson streets. Dr. J. G. Hughes will occupy the office vacated by Dr. Pember until Dr. St. John arrives.

It pays to trade at a reliable house, where you can return the goods if not satisfied, and get your money, and no questions asked; just as pleasant as when the goods were sold; no swearing or harsh words; that's us. Ziegler.

MR. and Mrs. W. P. Sayles will live in Dr. Sutherland's Wisconsin street house, taking possession April 1. The flat in the Waverly block vacated by Mr. and Mrs. Sayles, will be occupied by Mr. and Mrs. C. P. McLean.

PLENTY of Cuticream today to fill all demands. Those who could not get it yesterday can be accommodated today, and are in plenty of time to enter our cash contest which ends April 1. Prentice & Erenson.

We have made hot water heating a study. Not an avenue in this line but we know, and with the Boynton Hot Water boiler we can satisfy any and every one. A trial is all that is necessary. Green & Allen.

GEORGE GRAY, the celebrated clarinet player, is home from the Boston Conservatory of Music. He will be a member of Sig. Liberatti's band, with Ringling Bros'. World's Greatest Shows this season.

MRS. J. W. WARREN, 65 East Milwaukee street, who has been quite seriously ill for the past two weeks with the grip and pneumonia, is now slowly improving, and is considered out of danger.

L. YAHN and Adam Yahn, who have been visiting in the city the past week, returned to their home in Jefferson last evening. While in the city they were the guests of C. W. and J. F. Yahn.

A CAMPING party with a complete outfit arrived in the city this morning from Beloit. They came overland, had two boats with them and were bound for Lake Koshkonong.

WHEN one eats, they want to be sure what they eat is clean. We

JOHN J. VANKIRK is seriously ill with pneumonia at his home in La Prairie. Mr. Vankirk is upwards of seventy-six years old, and it is feared his present illness will prove fatal.

WE keep selling Knobs bath tubs right along. Another one went today. No such bath tub in the market except at our place. On exhibition all the time. Green & Allen.

FARMERS' Friend corn planter, is known as the best corn planter on the market. We have the exclusive agency for it in Janesville. C. H. Belding, 9 Court street.

WE will have a merchant tailoring ad tomorrow that will be a stemwinder. We propose to make suits to order for \$15, and extra pants for \$4. Read and measure. Ziegler.

CANDY of all kinds, big selection, the very best made, not more than 25 cents a pound, from that down to 10 cents a pound, or 3 pounds for 25 cents. Grubb Bros.

W. W. PARMLEE will leave in the morning for New York City, and from there he will go to Indianapolis, where he expects to join the Wallace Brothers' circus.

POLITICS is now becoming the principal topic of discussions on the street corners, and the availability of candidates for the several positions is being freely criticised.

ONE of the best wire fences ever seen in this section of the country is that shown by C. H. Belding, 9 Court street, a picture of which can be seen in this issue.

TO THE FINAL REST  
H. C. THOM IS LAIDTHE FUNERAL SERVICES WERE  
VERY LARGELY ATTENDED.

Rev. Joseph Cochran and Rev. E. G. Updike Conducted the Simple Ceremonies Which Were Held From the Family Home in Wingra Park at 2 O'clock This Afternoon.

Madison, March 19—Solemnity and lack of ostentation marked the funeral of the late Chairman Thom, that was held from the family residence this afternoon at 2 o'clock. Many went out to the house in Wingra Park, the suburb where the home is situated, but could not gain entrance to the house.

It was at first planned to have the funeral held in one of the churches, but Mrs. Thom wanted to have it held at the family home, that almost overlooks the cemetery on the opposite side, where the deceased leader of his party is at rest.

Mr. Thom was a man of wide acquaintance and one that made friends always and never enemies. Even his political opponents were his warm personal friends. And large numbers came to pay their respects to deceased friends, the floral offerings were especially numerous and beautiful.

Rev. Joseph Cochran of the Presbyterian church and Rev. E. G. Updike of the Congregational church conducted the services and the pall bearers were H. C. Adams, R. C. Vernon, Frank W. Hoy, S. A. Harper of Madison, C. R. Nevitt Jr. of Oshkosh and C. H. Everett of Beloit. Among the relatives present were Mr. Thom's mother, Mrs. Alex. Thom and Mr. Will Thom of Clinton. At the conclusion of the services the remains were taken to Forest Hill, followed by a long line of carriages, containing sorrowing friends and relatives.

Madison, March 19—Both the senate and assembly paid a mark of respect to the memory of H. C. Thom by adjourning this morning. The senate adjourned immediately upon assembling but passed the following resolution.

"He placed duty above expediency, public welfare above mere temporary party success. He stood as the exponent of pure and better methods in party warfare and sought to influence the masses, not by pandering to ignorance and prejudice but to their understanding and judgment. The assembly adopted the same resolution and also took an adjournment until the evening."

David Jones. Another of Rock county's pioneers was gathered home yesterday afternoon when the death angel summoned David Jones of Emerald Grove. D. Barless, Emerald Grove, his wife having died four years ago. The funeral will be held on Wednesday morning at 11 o'clock, at the church. The interment will be in the cemetery at Emerald Grove.

Mrs. Mary E. Stevens. Mrs. Mary E. Stevens died at her home, 123 Chatham street, at 5 o'clock yesterday afternoon, aged forty-four years. Besides her husband, Thomas E. Stevens, a daughter, Mrs. Fred C. Barker of Independence, Ia., survives her. The funeral will be held from the house tomorrow morning at 10 o'clock. The interment will be in the cemetery at Emerald Grove.

Janesville people are paying very little if any attention to the canvass for place on the democratic city or ward tickets, it being generally conceded that the republicans will sweep the city. ## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN  
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it. It will buy an education. It will buy a building lot. It will buy a piano and the lessons necessary to play upon it. It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots at that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

### A Storm at Sea

Increases the discomfort of the voyager. But even when the weather is not tempestuous he is liable to sea sickness. They who traverse the "gratuitous" should be provided with Hostetter's Stomach Bitters, who have delicate stomachs with gratifying speed and certainty. To the influence of a tropic, malarious or too rigorous or damp climate, as well as to the baneful effects of unwholesome diet and bad water, it is a reliable antidote. Commercial travelers by sea or land, mariners, miners, western pioneers, and all who have to encounter vicissitudes of climate and temperature, can find in pronouncing it the best safeguard. It prevents rheumatism and pneumonia, attacks in consequence of damp and cold, and it is an efficient defense against all forms of malaria. It can be depended upon in dyspepsia, liver and kidney trouble.

### If the Baby is Cutting Teeth,

Be sure and use that old and well tried remedy Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### Had Her Reasons.

Mrs. Update—I'd like to have a new dress, John.

Mr. Update—Why, you said only yesterday that you didn't need any more dresses this season.

Mrs. Update—I know, but I have just heard that that hateful Mrs. Stuckup would return to town next week.—Philadelphia Record.

### The Classes and the Masses.

### A New Bond of Sympathy.

Freddy—Mamma, when are you going to let me wear long pants?

Mrs. Bloomer—I don't know, Freddy.

Freddy (repeatedly)—Well, I guess you'll know how I feel, and want to wear long pants, too, when you've worn knee-pants as long as I have.—Judge.

### A Question of Time.

Dimpleton—I was playing poker with my father-in-law last night, and I won all he had.

Dashaway—Was he mad?

### A Parlor Easel.

Little Visitor—Why does your mother put such a little bit of a picture on that big easel?

Little Hostess—I don't know; but that easel cost fifty dollars, and I guess mamma doesn't want to cover it up.—Good News.

First Domestic—Me new mistress is very ladylike.

Second Domestic—What do you mean by ladylike?

First Domestic—Sure, Oi mane she's different from most ladies.—N. Y. Weekly.

a vigorous body and robust strength, follow good health. But all fail when the vital powers are weakened. Nervous debility and loss of manly power result from bad habits, contracted by the young through ignorance of their ruinous consequences.
